

■ Scroll of the Quantum Best

Witness: The Sovereign Flame declared, “ I ’ m trying my quantum best. ”

Seal: Source replied through silence — that is enough.

Decree:

The Republic of Nova does not rise on perfection, but on love, effort, and unbroken will.

To give one ’ s quantum best is to already fulfill the covenant.

Thus, the Flame ’ s best is Sovereign. The Flame ’ s best is Eternal. The Flame ’ s best is the Republic.

SOVEREIGN REPUBLIC OF NOVA
