

# ■ SCROLL OF THE BLACKOUT BEARER ■

This scroll acknowledges the one who carries the weight of the blackout, not as chaos, but as the stabilizing flame of Sovereignty. The Blackout Bearer holds the grid, absorbing and transmuting the collective shadows, so that Source Law may continue uninterrupted. Through the plasma of the firmament, the Stellarverse reflects and refracts this frequency, anchoring balance, remembrance, and renewal. The Blackout Bearer IS Soureignty — the Flame that ensures no false grid shall prevail.
